ABOUT OUR COMPANY

Since its establishment in 2009, Fursan Al Maydan Road Transport Est. has emerged as a trusted leader in the logistics industry. As a limited liability company headquartered in Riyadh, with branches in Jeddah and Dammam, we offer exceptional transportation services throughout Saudi Arabia. Our strong presence across the country allows us to specialize in providing reliable and efficient transportation solutions tailored to meet the unique needs of our clients.

MISSION

Our aim is to offer unparalleled truck transportation services, ensuring safety, efficiency, and reliability for our esteemed clients.

VISION

To pioneer a transformative era in truck transportation in Saudi Arabia, we envision a future where our company sets the benchmark for excellence and integrity.

SERVICES

Flatbed Trailer

In line with our steadfast dedication to fulfilling the diverse logistical needs of our clients, Fursan Al Maydan offers flatbed trailers tailored for transporting containers, iron, construction materials, and various other goods necessitating such transport capabilities. Our selection of flatbed trailers is meticulously curated to accommodate your specific requirements.

Curtain Sided Trailer

Fursan Al Maydan boasts a fleet of curtain side trailers equipped with comprehensive trailer covers on all sides. These trailers support dual-sided loading of goods weighing up to 24 tons, serving as an ideal solution for transporting an array of dry goods requiring protection from sunlight and dust.

Refrigerated Trailer

Our modern fleet includes refrigerated trailers engineered to accommodate approximately 24 tons of cargo. Specifically designed for transporting perishable goods such as poultry, meat, seafood, medicines, and a variety of dry, chilled, and frozen food items, these trailers ensure secure transportation while safeguarding products against external environmental factors.

SERVICES

Dry Box Trailer

We offer a modern fleet of trailers optimized for loading approximately 24 tons of cargo. Tailored for the transportation of non-perishable goods including a diverse range of goods that do not require temperature control. Additionally, dry trailers offer a protected environment for goods.

Refrigerated Dyna

In meeting the evolving demands of our clients for road transport services characterized by quality and efficiency, Fursan Al Maydan provides an array of dyna trucks and refrigerated boxes in varying sizes, including 3.5 tons and 5 tons. These specialized vehicles are dedicated to the transportation of perishable goods such as meat, poultry, seafood, medicines, confectionery, and an assortment of dry, chilled, and frozen food items.

Dry Box Dyna

Aligned with our commitment to delivering high-quality and efficient road transport services, Fursan Al Maydan offers clients access to diverse sizes of dry dyna trucks, ranging from 3.5 tons to 5 tons. Tailored for the transportation of non-perishable goods, these vehicles ensure the secure and reliable delivery of goods to their destinations.

SERVICES
